

COMPANY PROFILE

2020

Our History

OUR COMPANY HISTORY

Connect 247 energy limited is a leading fuel selling company based in Nairobi Lungalunga area. The company was established in November 2020 under the directorship of Martin Mugo who heads the marketing department and Kenneth Manyagi who runs the finance department. We have a well-established fuel selling culture network in Kenya and also offer efficient transport services of the same in the region.

Our business incorporates both wholesale which we specialize in and also retail fuel selling from our own service stations. Our business is interested in transparency and honesty policies. We strongly believe in sourcing quality fuel for our customers and resell it at a very fair price. We started this business after noticing the overpriced fuel trend and high transportation costs and we knew there has to be a better way.

We are looking forward to expand our business in most parts of Kenya and make it easy and enjoyable for all fuel users. Everyone is free to stop by our offices anytime for more enquiry, we are open from Monday to Friday 8 to 5 in the pm.

It has been steady and stable. Every step of the way, we strive to become better and diverse

OUR NICHE

1. Due to the unstable fuel trends in Kenya and its consequences we as connect 247 decided there has to be a better way.
2. The arising need for affordable petroleum products and transport services was our main drive. We felt the urge to explore the petroleum industry even more keenly
3. The domination of the petroleum industry markets by foreign forces is also another reason why we as connect 247 wanted to come into the industry and make it easier for local fuel consumers

Quality Health and Safety Policies

Fuel Storage

Connect 247 connect adherences to legislative requirements contained in the Dangerous Substances Regulations .We

Ensure all staff are adequately trained (retain training records)

Storage tanks and dispense pumps are adequately maintained and monitored

Identify hazardous areas and control and use appropriate warning

Staff

We prevent and minimize work injuries, lost work days or work related illnesses of our employees, customers and nearby communities

we ensure that our employees are properly trained to work safely and to ensure that they know how to act in an emergency;

Vehicle Movement

We ;

Devise a safe system of traffic movement, e.g. a one-way system for entering and exiting the forecourt.

Display clear information/warning signs

Provide sufficient designated parking areas close to the shop and away from the pumps.

Fire Risks

As Connect 247 energy we;

- ✓ Keep all escape routes and fire exits clear and make regular checks to ensure that this is the case.
- ✓ We ensure that there are fire extinguishers in all our vehicles, offices
- ✓ Clear rubbish regularly (remember sand used for cleaning or containing petrol spills will be flammable and should be disposed of safely, by a hazardous waste disposal company if necessary)

Electricity

Connect 247 energy we ensure

- ✓ Electrical installation must be certified by a competent electrician every three years
- ✓ All electrical equipment used out of doors should be suitably insulated and should be supplied through a circuit protected by a 30 mA Residual Current Device.
- ✓ All electrical switchgear controlling machinery should be clearly labelled and readily accessible at all times.
- ✓ Ensure that the electrical installation used for mechanical car washes is suitable for a wet environment and has adequate protection from mechanical damage, considering the complexity of the moving parts.

TESTIMONIALS

“ Organizations talk about building business partnerships, Logistics Plus puts into practice everything other organizations speak of. The team is accessible, reliable, and looks out for their customers' best intentions. When I interact with them it is like an extension of my own company. They have the expertise and the know-how to excel in these unprecedented times, hitting every deadline and milestone we agreed to along the way. Thank you Connect 247 Energy! ”

Oscar

“ Connect 247 Energy have the best petroleum logistics. Delivery from my time of order took way less time than I expected and we were able to serve our customers in time, i would recommend their services to any petrol station that require logistics. Thanks Again

Joyce

“ I have worked with Connect 247 energy for 1 year and their services are very efficient. The drivers have the best etiquette and will deliver your load on time. Their knowledge in the petroleum business and market is definitely an added advantage. I'd recommend them anyday.

John
